Small compact A4 glue binder with separate active side glue reservoir to achieve the best wraparound finish.

The F320 Perfect Binder creates professionally bound books quickly and easily. This semi automatic glue binder with a binding length of 320mm, max. binding thickness up to 50mm. Vacuum system removes paper dust from the milling area. Production up to 220 books per hour.

Due to its small size it will fit in almost every copyshop or print room. Ensuring you can create perfectly bound books without taking up too much space.

Easy set up for quick changing from one size to another. The clamping system ensures consistent bound books with either square or rounded edges. Powerful milling with rotary and small milling cutter and easily adjustable cover clamp.
